Part one – site information

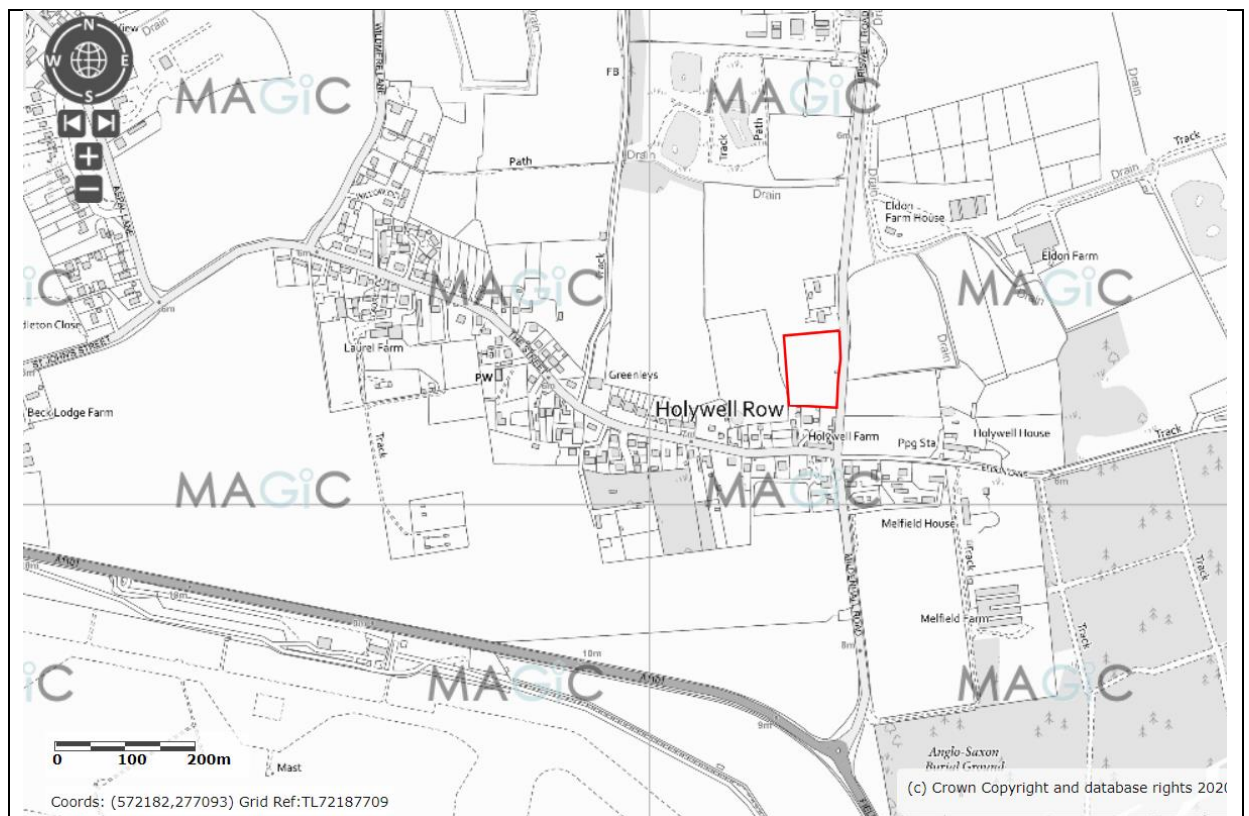

Please provide as much detail as possible about your site.

1. Location plan

Please supply a site plan that clearly shows the boundaries of the site outlined in red and access point indicated.

2. Settlement

What settlement is the site in, or nearest to?

Holywell Row – See above Site location plan

3. Site address

Please provide the site address.

Land west of Eriswell Road, Holywell Row, Suffolk.

4. Previously submitted site

Has the site already been identified within the Strategic Housing and Economic Land Availability Assessment 2020 or the West Suffolk Local Plan Issues and Options document?

YES **NO**
(click in the appropriate box)

If you answered yes, please enter the site reference number below.

Additional information to previously submitted site

Please send us any additional information/supporting statement you have in relation to the site you have previously submitted

5. Planning history

Does the site have any relevant planning history?

If you answered yes, please provide the planning application reference number(s).

No

6. Current land use

What is the current use(s) of the land?

Agricultural land – this area is very poor-quality agricultural land.

7. Brownfield

Is the site brownfield (has it been built on previously)?

YES **NO**
(click in the appropriate box)

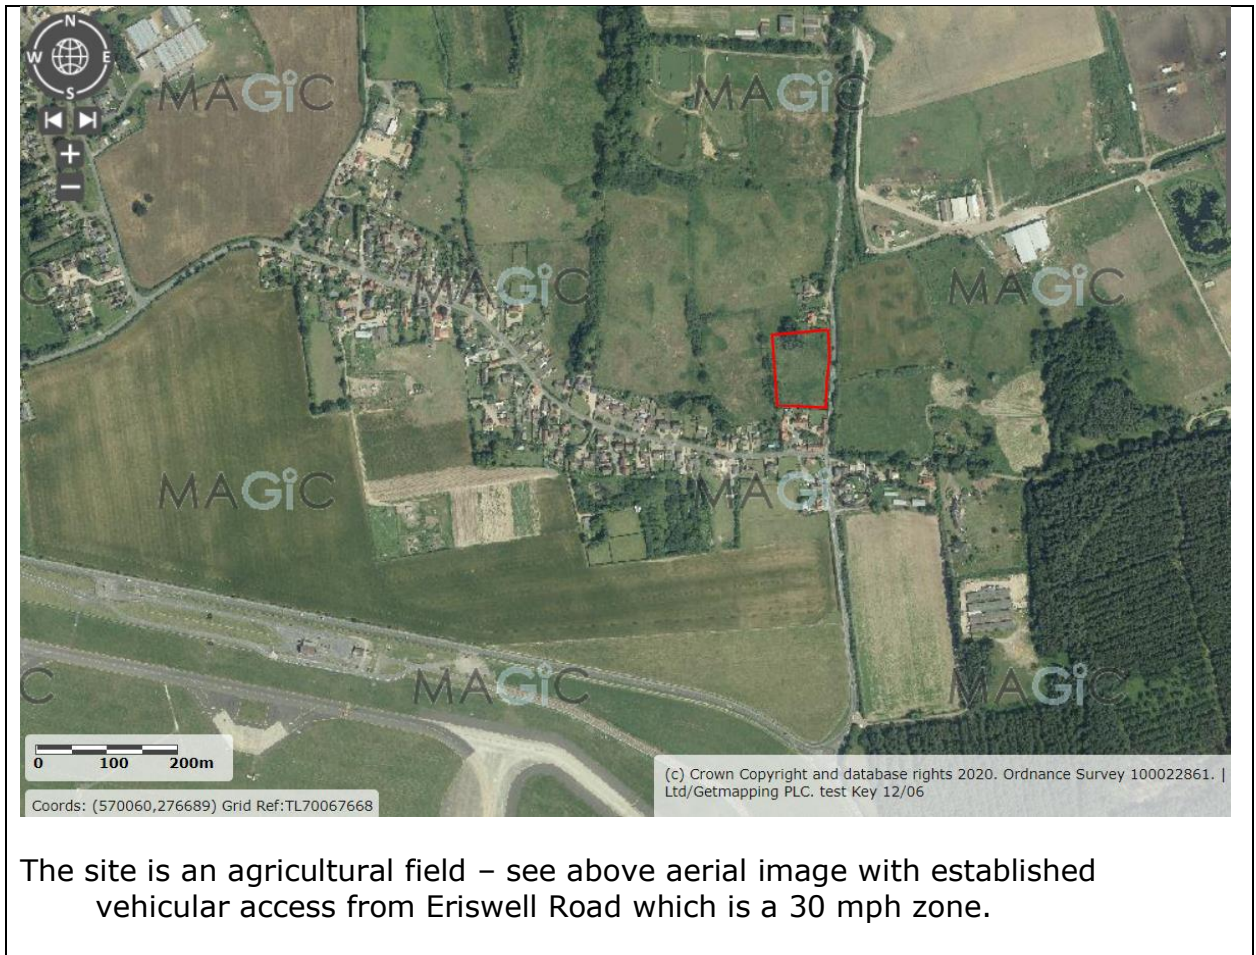

8. Site size

Please provide the site area in hectares.

Total site size 0.7 ha but some or all of the site is available.

9. Site description

Please describe the site, providing photos if possible.

Part two – suitability

Site must comply with policies in the development plan documents which can be found at www.westsuffolk.gov.uk/planningpolicy

10. Constraints

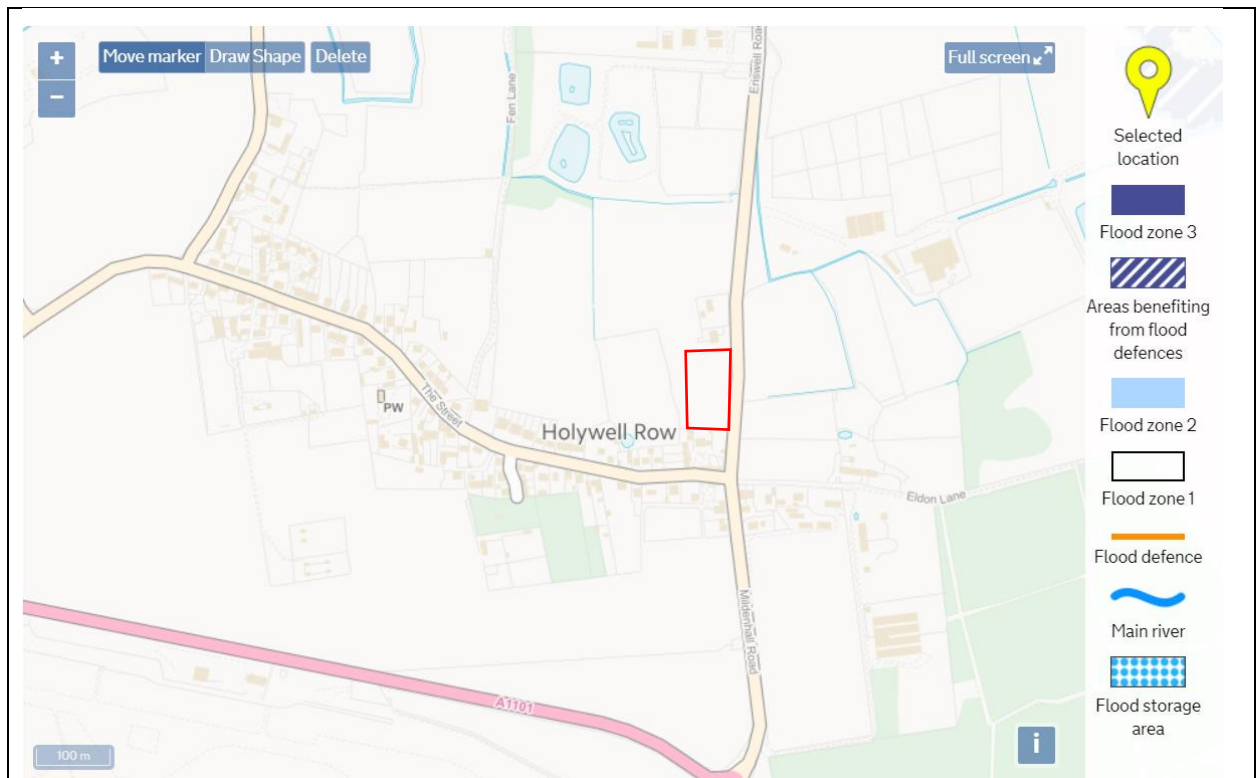

Are there any other constraints to the development of the site?

(For example flood risk, or a loss of historical assets, or community facilities, and/or habitats and biodiversity constraints?)

Information on constraints can be found at <https://magic.defra.gov.uk/MagicMap.aspx>

Please provide as much information as possible.

The site falls outside of the Flood Zone – please see below Environment Agency Flood map

The site includes an agricultural field that has been intensively farmed for many years. Development of this site could represent an opportunity to make biodiversity improvements. The site is available, deliverable and developable with no known constraints it is also in single ownership.

We believe it is sensible to focus growth through extensions and infilling to established settlements where infrastructure and environmental constraints allow. This approach is consistent with Paragraph 103 of the Framework which states that, "*significant development should be focused on locations which are or can be made sustainable, through limiting the need to travel and offering a genuine choice of transport modes.*" The site is in close proximity to Beck Row and Mildenhall. It is considered that this strategy will introduce sufficient flexibility throughout the lifetime of the Plan and throughout the various economic cycles whilst providing certainty for many developers. Affordable housing would also be delivered more widely across the district, improving affordability within the more sustainable villages which have the critical mass to support the delivery and retention of local services and facilities.

Part three – availability

Confirmation of the intention to develop the land must be received to enable us to consider your site.
