### 11. Constraints

Are there any other constraints to the development of the site?

(For example flood risk, or a loss of historical assets, or community facilities, and/or habitats and biodiversity constraints?)

Information on constraints can be found at <https://magic.defra.gov.uk/MagicMap.aspx>

Please provide as much information as possible.

Site is defined in the current Local Plan as being within a Special Protection Area buffer. However, the Breckland SPA/Breckland Farmland SSSI lies just over 1.25 kms to the west. It is a very large site which is also extends much further to the north. The site proposed is on the extreme periphery of the buffer within an identified settlement and a small residential development is highly unlikely to have any impacts on the reasons for which the SPA has been scheduled as access from Risby to the SPA is not easy.

Part of the site lies within the Risby Conservation Area and several historic assets.
